

UTU's (Uttarakhand Technical University) Review and Verdict by CollegeDekho

Campus at a Glance

UTU (Uttarakhand Technical University) was renamed as Veer Madho Singh Bhandari Uttarakhand Technical University, Dehradun. The university was founded on January 27, 2005, by the Government of Uttarakhand through the Uttarakhand Technical University Act 2005.

The university is spread across 8.372 hectares and is the only affiliating university in Uttarakhand for technical education. UTU (Uttarakhand Technical University) has 81 affiliated private colleges and 12 government colleges. Various undergraduate, postgraduate and PhD courses are taught here with approximately 20,000 students in various courses. This public college is accredited by the University Grants Commission (UGC).

UTU (Uttarakhand Technical University) has a good number of students in various disciplines, however, if we go by the news, the university is full of scams and corruption without proper management. Here is an honest and open review and verdict of life at UTU (Uttarakhand Technical University), to help prospective students understand what to expect!

UTU (Uttarakhand Technical University) Ranking

The university could not make it to the NIRF ranking list, but UTU (Uttarakhand Technical University) was ranked for different courses such as Hotel Management, Computer Application, Engineering, Pharmacy, etc. 4th place was secured by UTU in EduRank 2021 (Best in Dehradun) ranking list. Find here how Uttarakhand Technical University has ranked in 2022:

- The university was ranked 4 out of 16 universities in Dehradun by EduRank 2022 rankings list.
- UTU was ranked 9 out of 33 universities in Uttarakhand by EduRank in 2022.
- EduRank 2022 ranked UTU (Uttarakhand Technical University) 350 out of 876 universities in India.
- Ranked 2390 among 5930 universities in Asia by EduRank 2022.

Our Take:

Since UTU (Uttarakhand Technical University) could not make it to the NIRF ranking list, the university should improve its curriculum, infrastructure and other necessary things. The placements should also be taken care of to improve the ranking of UTU Dehradun.

UTU (Uttarakhand Technical University) Academia & Batch Size

UTU (Uttarakhand Technical University) offers a variety of courses in their UG, PG and PhD programmes. All the courses offered at UTU are approved by the University Grants Commission (UGC) and the All India Council for Technical Education (AICTE).

Scholarship

UTU (Uttarakhand Technical University) has different scholarships facilities for students who are meritorious and also for students who belong to reserved categories such as SC/ ST/ OBC. there are several state and central scholarships that are accepted by the Uttarakhand Technical University and given to students. The scholarships are very appealing to students who have just completed their Class 12 and want to study further. The scholarships accepted by the university are:

- AICTE Pragati Scholarship Scheme
- AICTE Saksham Scholarship Scheme
- AICTE Swanath Scholarship Scheme
- Post-Matric Scholarship Scheme for SC and ST students, Uttarakhand
- PG Scholarship for University Rank Holders (1st and 2nd rank holders)

Discussed in detail are some of the UTU (Uttarakhand Technical University) scholarship schemes:

- National Means Cum Merit Scholarship Scheme: Introduced in May 2008, the National Means Cum Merit Scholarship Scheme (NMMSS) provide financial assistance and give quality education to students from financially weaker sections of community. This scholarship is also widely used for students who dropped out after Class 8 and motivates students to continue their studies at the secondary level.
- Scholarship for State/ Central aided Institutions: As part of this Uttarakhand Technical University scholarship scheme, students are granted an amount of INR 6,000 per annum which is INR 500 per month. This is awarded to chosen candidates from the state government, central government or local body schools.
- The quota of Scholarships for UTs/ States: There exists a quota of scholarships for some special states and union territories. Candidates whose family income from all sources combined is not more than INR 1,50,000 per annum are qualified to apply for this scholarship scheme. The State Bank of India (SBI) directly transmits the scholarship amount of such students to their individual bank accounts on a quarterly basis.

Our Take:

A variety of courses are offered by UTU (Uttarakhand Technical University) which helps the students to choose their preferred course. The scholarships given to students of UTU are good and help students from low-income families. However, students have stated that the curriculum is backdated and needs to be updated according to the current industry trends. The university management should update the B.Tech course curriculum mainly for electrical engineering, diploma in mechanical engineering and electrical engineering disciplines.

UTU (Uttarakhand Technical University)

Infrastructure

The UTU has different types of infrastructural facilities for students of the university. The main building of UTU (Uttarakhand Technical University) has administrative offices such as the Vice Chancellor Secretariat, Registrar Office, Finance Controller Office, Controller of Examination Office, Establishment Section, Research Section, Accounts Section, Store, Confidential Section, Degree/ Migration Section, etc. The university has a well-equipped library, a well-furnished convocation hall, an examination hall, two museums and common rooms for ladies. The university also has complementary ramps with railings in all the buildings for comfortable access to differently-abled visitors.

UTU has fully functional archaeological laboratories, museums and a computer-assisted language laboratory. This has not only helped in carrying out fundamental research but has also helped the faculty. The university has two playgrounds that help the students. The UTU (Uttarakhand Technical University) campus is spread across 20.68 acres of land and is equipped with amenities such as:

- Library
- Sports grounds
- Auditorium
- Cafeteria
- Transportation
- IT Infrastructure
- Spacious classrooms
- Wi-Fi
- Medical aid

Hostel

Separate hostels are available for girls and boys where 54 male students and 45 female students can be accommodated. Those staying in hostels will get STD/ ISD telephone Facilities, an exclusive uninterrupted study room for students after college hours, an uninterrupted power supply, a separate generator for students, a banking facility with an ATM counter, a medical facility available with free medicines provided to sick students, candidates can get access to medical lab facility, and mineral water is provided to all the rooms.

Auditorium

The university has a well-equipped auditorium with a video wall and complete audio-video set-up for a seating capacity of 240 people on its premises.

Conference Hall

UTU (Uttarakhand Technical University) has two meeting rooms namely Pandit Narain Dutt Tiwari Conference Hall with a seating capacity of 50 persons and a Board Room with a seating capacity of 15 persons facility for online meetings.

Guest House

The university has a small Guest House with 3 rooms on its campus. The guests who the University invites for academic, administrative and other associated works, the new appointees who come to join duty in the University, and on-duty faculty members/ Directors/ Officers/ Staff can stay in the guest house without paying any room charges.

Sports Ground

UTU campus has abundant sports facilities for athletics and some more facilities are being put in place. Students can play on the grounds at any time.

Bank & ATM

UTU (Uttarakhand Technical University) has a branch of Bank of Baroda in its old premises in Government Girls Polytechnic across the road opposite the University campus. An ATM of the Bank of Baroda is installed on the campus of the University.

Medical Facility

Students of UTU get medical assistance from the university. In the case of an emergency, the ambulance service is available 24 hours a day, seven days a week. For primary treatments of its ailing students, the university has tied up with leading hospitals.

Transport Facility

The university provides a bus service to drop off and pick up students. The spacious bus can carry up to 50 students at a time and travel from the hostel to the university.

Our Take:

According to the students, the hostel facilities of the university are good and the fee is less compared to other colleges. If the number of students accommodated in the UTU hostel increases, then more students can be admitted to UTU (Uttarakhand Technical University).

Internships & Placements

UTU (Uttarakhand Technical University) has a dedicated placement cell that takes care of the placement activities. The students of the final year are trained by the placement cell on various parameters. The placement process in the university is done in a systematic manner with the help of the cell. The students are taught to maintain relations with prospective recruiters/ employers, personality development sessions are conducted, guest lectures, mock interviews, group discussions, aptitude tests, industry visits, and resume writing, everything is taught to the students. The placement cell acts as a link between the students and recruiters.

Internships

The internship opportunities should also be taken into consideration by the management. The placement cell should be responsible for inviting organisations that will provide internships to students. UTU (Uttarakhand Technical University) also conducts internship exams to give students the opportunity to undergo internships during the course duration. Students from B.Tech courses get most internship opportunities.

Placement

The Directorate of Placement Services of UTU has been playing a very important role for the past several years in providing placement and training services to the students at the UTU (Uttarakhand Technical University). The placement rate at the university is quite good that is around 80%. The Uttarakhand Technical University's average package ranges from INR 3.5 lakh to INR 9 lakhs per annum. The maximum number of candidates from the university are placed in top firms like Amazon, TCS, Wipro, Infosys, etc.

UTU (Uttarakhand Technical University) Placement Report

Particulars	Details
Average Package	INR 3.5 lakh to 9 lakh per annum
Placement Rate	80%
Top Recruiters	Amazon, TCS, Wipro, Infosys, Emicon

Top Recruiters

The top companies that hire students of UTU (Uttarakhand Technical University) have been listed below:

Amazon	Wipro
TCS	Emicon
IBM	HCL
Accenture	Eminence
Dell	Bank Of America
Deloitte	Infotech
Infosys	Airtel

Our Take:

The university has a good placement record around 70 to 80%, but more focus should be given on internship opportunities. Students need to get more internship experience during their curriculum so that they can get placed in top companies. The placement cell should look into the internship possibilities and invite more organizations at the UTU (Uttarakhand Technical University) campus. However, students have stated that placements are poor and the average salary offered to students after completing their degree is quite less when compared to industry standards.

UTU (Uttarakhand Technical University) Diversity and Demographics

The percentage of students who are outside of the state and studying at UTU (Uttarakhand Technical University) is 47%. The university has signed MoUs with a few institutions within the country. The number of male students is higher in the university than the number of female students. The university has a Sexual Harassment Cell/ Women Grievance Cell which is beneficial for female students.

Collaborations

Uttarakhand Technical University, Dehradun has signed MoUs with:

- Uttarakhand State Infrastructure Development Corp. Ltd.
- ICFAI University, Dehradun
- Uttarakhand Irrigation Department
- Indian Air Force
- AKGEC Skills Foundation, Ghaziabad.
- Spoken Tutorial Project with IIT, Bombay.

Our Take:

Not much is known about the demography and the diversity of UTU (Uttarakhand Technical University). More number of students should be admitted to the university who are outside of Uttarakhand. The university does not have a diverse community of students.

Faculty/ College Administration & Management

The UTU (Uttarakhand Technical University) faculty members are cooperative, experienced, knowledgeable, and helpful. As scholarships are provided to students, on the basis of merit and the category of the candidates, it becomes helpful for the students to continue their studies. The university is engaged in certain scams where the management was accused of admitting PhD candidates without an entrance exam and the degree was given within 1.5 years from the date of their admission.

यूटीयू : पूर्व कुलपतियों के कार्यकाल की होगी जांच

सीएम के अनुमोदन पर **विजिलेंस जांच** के आदेश जारी
अरुणेश पठानिया

देहरादून। उत्तराखंड तकनीकी विश्वविद्यालय (यूटीयू) के पूर्व कुलपतियों के कार्यकाल में पीएचडी के लिए नियमों की अनदेखी सहित नियुक्तियों और अन्य मामलों में हुई गड़बड़ियों की विजिलेंस जांच होगी। मुख्यमंत्री की अनुमति के बाद शासन ने जांच के आदेश जारी कर दिए हैं।

यूटीयू पर पीएचडी के नियमों की अनदेखी सहित अन्य अनियमितताओं के आरोप लगते रहे हैं। बीते वर्ष राजभवन के सख्त निर्देश पर शासन ने यूटीयू से गड़बड़ी पर रिपोर्ट मांगी थी, लेकिन विवि ने संतोषजनक जवाब नहीं दिया। इसके बाद शासन ने मुख्यमंत्री से विजिलेंस जांच के लिए अनुमति मांगी थी। आरोप है कि कुछ अभ्यर्थियों को बगैर प्रवेश प्रक्रिया के पीएचडी के लिए पंजीकृत किया गया और डेढ़ साल में ही

उन्हें उपाधि दे दी गई। इसके अलावा वर्ष 2009 और 2010 में उन लोगों को उपाधि दी गई, जिनका विभिन्न विश्वविद्यालयों से यहां ट्रांसफर हुआ था। वर्ष 2010 में वाइवा और 2011 में पंजीकरण का भी आरोप लगा था। वर्ष 2017 में पीएचडी प्रवेश परीक्षा में भी गड़बड़ी का आरोप लगा था, लेकिन इस मामले में अब तक किसी के खिलाफ कार्रवाई नहीं हुई है।

विवि प्रशासन पर हैं कई गंभीर आरोप

विवि प्रशासन पर पीएचडी घोटाले के अलावा नियुक्ति में मानकों की अनदेखी, अफसरों के परिवारीजनों व रिश्तेदारों को नियुक्ति और कुछ खरीद टेंडरों में गड़बड़ी के आरोप लगते रहे हैं। पूर्व राज्यपाल डॉ. कृष्णकांत पाल ने वर्ष 2016 में वित्तीय गड़बड़ियों और नियुक्तियों में गड़बड़ी को लेकर तत्कालीन मुख्य सचिव शत्रुघ्न सिंह से जांच करवाई थी, इसके बाद राजभवन के निर्देश पर वर्ष 2019 में भी विभागीय जांच हुई।

अगर उजाला
एक्सक्लूसिव

उत्तराखंड तकनीकी विश्वविद्यालय के पूर्व कुलपतियों के कार्यकाल की विजिलेंस जांच के आदेश दे दिए गए हैं। विश्वविद्यालय की कार्यप्रणाली को लेकर कई गंभीर आरोप लगे हैं, जिनकी गंभीरता को देखते हुए सरकार ने यह निर्णय लिया है।

- ओम प्रकाश, अपर मुख्य सचिव, तकनीकी शिक्षा

Our Take:

e faculty members are qualified and clarify the doubts of the students. The placement cell of UTU (Uttarakhand Technical University) also plays an important role in the placement drive conducted by the university. Students might not want to complete their PhD degree at UTU as the university has lots of scams related to the PhD courses.

UTU (Uttarakhand Technical University)

Location

UTU (Uttarakhand Technical University) is located at Post Office Chandanwadi, Prem Nagar, NH-72 Sudhowala, Dehradun in Uttarakhand. As Dehradun is the capital of Uttarakhand state, it is well-connected through rail, road and air transport. Dehradun Railway Station is around 10.8 km away from the Uttarakhand Technical University, Dehradun. Bhatowali Bus Stand is around 7.9 km away from the university campus. Dehradun Airport is around 38 km away from UTU (Uttarakhand Technical University), Dehradun. Students need to hire a taxi to reach the university.

Our Take:

The university campus is a little far from the main city and to reach the airport, students need to hire a taxi. UTU (Uttarakhand Technical University) provides bus service but only to take students from the university to the hostels. The location of the university might restrict students from getting urban amenities.

Expectation vs Reality CollegeDekho Verdict

As UTU (Uttarakhand Technical University) is a public university, the education expenses and course fees are a bit less compared to other private universities. Although the university has several facilities available for the students such as a library, sports grounds, auditorium, and IT infrastructure. The university needs to create an industry-standard curriculum, the library books should be updated and other things. Some major shortcomings are insignificant commute facilities, low placement packages, fewer internship opportunities, etc.
